

# THE WORLD'S BEST PLAY DOUGH RECIPE

## Ingredients

5 cups all-purpose flour

5 cups water

3 Tablespoons Cream of Tartar

1 cup salt

½ cup oil (Vegetable, Canola, Sunflower)

Food coloring of choice

Essential oil/ extract or spice for scent, optional

## Instructions

Combine all ingredients in a medium sized pot, whisking until combined.

Add food coloring or liquid water color of choice. Add essential oil if using.

Cook over medium-low heat, stirring regularly using a wooden or other strong spoon.

Continue to mix until the playdough pulls away from the pan and is no longer sticky. Dough will be stiff. Pinch it between your fingers to test it (but be careful because it's hot!).

Remove dough from pan and place on counter to cool.

Knead when cool.

For longevity, store in an airtight container or plastic bag. Refrigeration is not necessary.
